

# What we are delivering for regional Victoria

## IWM Program Funded Feasibility Projects 2017-2022

- Wimmera Mallee Region Alternative Water Supply Strategic Plan
- Richardson River Urban Waterway Renewal Scoping Study
- Horsham West Alternative Water Feasibility Study

- Ballarat West Rainwater Harvesting & Groundwater Storage Preliminary Plan
- Beaufort Water Recycling Scheme Feasibility
- Central Highlands Blue-Green Infrastructure Plan
- Hepburn Shire IWM Plan
- Maryborough IWM Plan
- Mullawallah Wetland Feasibility Study
- Station Domain, Maryborough Stormwater Harvesting Detailed Design
- Tullaroop Catchment Investment Prioritisation Feasibility Study
- Tullaroop Integrated Catchment Management Plan
- Wendouree West Reserve Recycled Water Scheme Detailed Design
- Victoria Park Alternative Water Scheme Detailed Design
- Wadawurrung & Dja Dja Wurrung Waterway Cultural Values Mapping
- Yarrowee River Action Plan for On-Ground Works
- Beaufort Linear Masterplan

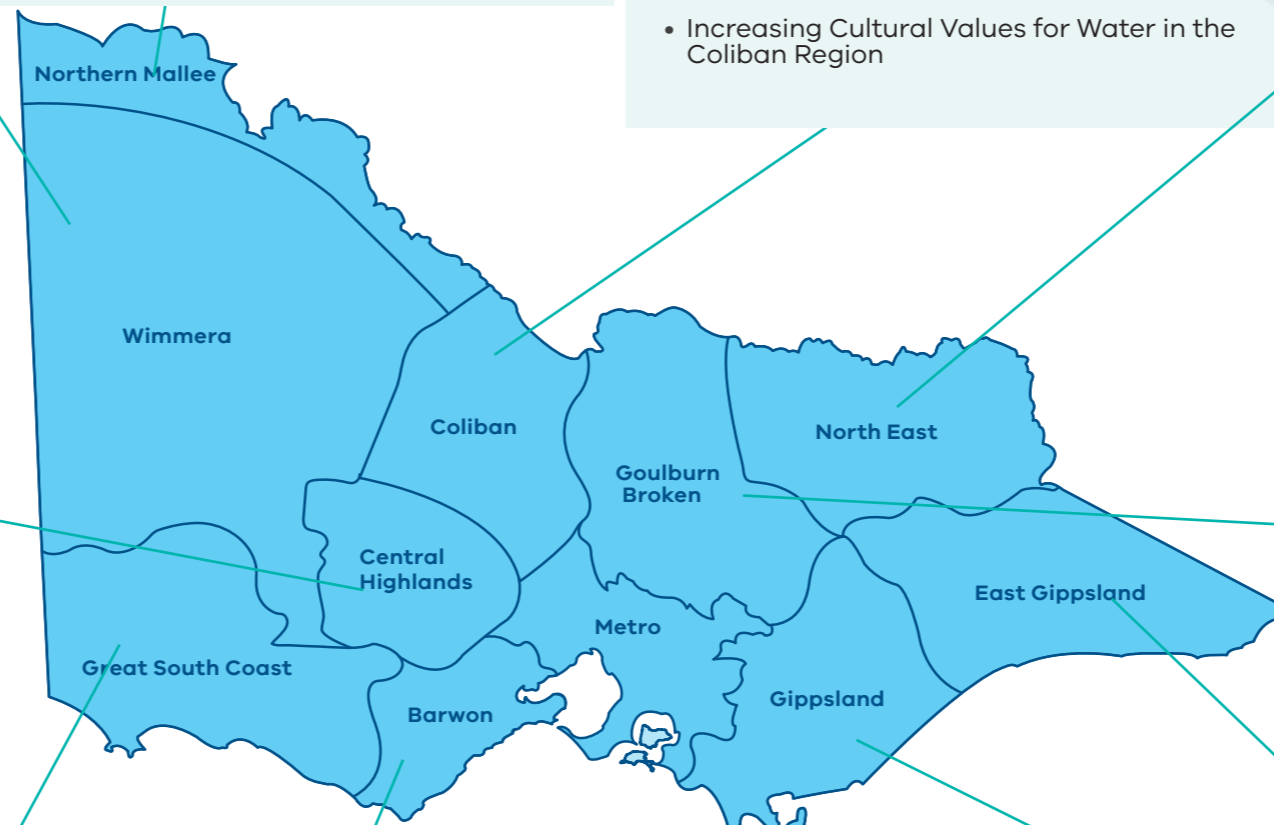

- Great South Coast Urban Water Cycle Atlas
- Building IWM Capacity Through an Urban Drainage Community of Practice
- Hamilton IWM Plan
- Peshurst & Cudjee Case Studies for Better Wastewater Management
- Albert Park, Warnambool IWM Plan
- Lake Pertobe IWM Plan
- Understanding Barriers & Enablers to IWM in New Regional Developments Study

- Kings, Psyche & Woorlong Wetlands Management Strategy
- Lake Hawthorn & Lake Ranfurly IWM Plan
- Mildura Aboriginal Waterway Assessment
- Recycled Water to Public Open Spaces in Mildura Feasibility Study
- Sunraysia District Flooding & Drainage Modelling
- Sunraysia District Regional Water Balance Model
- Three-Islands Management Plan & River Ranger's Work Program

- Campaspe River Aboriginal Waterways Assessment
- Campaspe IWM Plan
- Castlemaine IWM Plan
- Bendigo Detailed Design of 3 Urban Wetlands
- Bendigo Creek management and Enhancement Plan
- Echuca Alternative Water System Feasibility Study
- Managed Aquifer Recharge Decision Support Tool
- Newbridge Water & Sewerage Supply Business Case
- Lake Eppalock Cultural & Environmental Values Mapping
- Macedon Ranges North IWM Plan
- Alternative Water Supply for Castlemaine Botanical Gardens Feasibility Study
- Increasing Cultural Values for Water in the Coliban Region

- Myrtleford Risk Management Strategy for Oven River Course Shift
- Baranduda Fields IWM Plan
- Tallangatta Alternative Water Supply Detailed Design
- Wangarrata Water Sensitive Urban Design Guidelines
- Scoping of a Bangerang Community Directions Plan
- Water-based Businesses in the Upper Ovens Region
- Walking Wodonga Waterways
- Assessing Invertebrate & Macroinvertebrate Diversity in Jaithmathan TABOO Waterways
- Engaging Aboriginal Communities in IWM in the North East

- Euroa Alternative Water for Recreational Fields Detailed Design
- Horseshoe Lagoon Ecological & Cultural Assessment
- Mansfield Stormwater Offsets Study
- Murray Community Involvement Feasibility Study
- Nagambie Alternative Water Supply Detailed Design
- Nathalia IWM Plan
- Seven Creeks Flow Investigation
- Goulburn Broken Place-based Small Town Wastewater Management Tool
- Eastbank Lake, Shepparton Business Case
- Kilmore IWM Plan
- Alternative sources of water for Victoria Park (Yarrowonga)
- Goughs Bay Water Sensitive Town Plan Feasibility Study
- IWM Plan for Lake Mountain Alpine Resort

- Bannockburn IWM Plan
- Avalon Corridor IWM Plan
- Barwon Region Embedding Consistent IWM Principles in Planning
- Barwon River Parklands Improvements Business Case
- Irrewillipe Road, Colac Stormwater Basin Activation Study
- Northern & Western Geelong Growth Areas IWM Plan
- Winchelsea IWM Plan
- Large-scale Alternative Water Grid Feasibility Study

- Central Gippsland Water for Economic Growth Report
- Greening Trafalgar Recreation Reserve
- Latrobe IWM Plan
- Wellington IWM Strategy
- Maffra Drainage & Flood Study
- Leongatha Stormwater Harvesting Feasibility Investigation
- South Gippsland Shire Council IWM Plan
- Wonthaggi Stormwater Harvesting Feasibility Study
- Fit-for-purpose Water for Irrigating Recreation Reserves in Morwell

- Bairnsdale IWM Plan
- Dinner Plain Snow Making Detailed Design
- East Gippsland Livestock Exchange Alternative Water System Detailed Design

# What we are delivering for regional Victoria

IWM Program Funded Capital Projects 2017-2022

- Dunmunkle Creek Restoration Works
- St Arnaud Stormwater Harvesting System Construction
- St Arnaud Recycled Water System Upgrade & Expansion
- Horsham Integrated Water Supply Connections
- Ranch Billabong Carp Control & Native Fish Restocking Pilot

- Wanyarram Dhehk - Bendigo Creek Restoration Works
- Echuca Aquatic Reserve Stormwater & Lagoon Upgrade
- Gunbower Creek Restoration & Parkland Enhancement Construction
- Forest Creek Ecological Restoration

- Kilmore Recycled Water Scheme

- Bell's Flat Wetlands Function & Water Quality Improvements Construction
- Corryong Recycled Water System Construction
- Kiewa Murray Cultural Heritage Walk Construction
- Sumsion Lake & Wetlands Restoration & Stormwater Harvesting Detailed Design

- Ballarat North Wastewater Treatment Plant Upgrade & Expansion
- Beaufort Water Recycling System Construction
- Bendigo Creek Ecological Restoration

- East Gippsland Livestock Exchange Alternative Water System Construction
- Crooke Street Wetlands Stormwater Treatment Construction
- Bairnsdale Nursery Class A Recycled Water Plant

- Albert Park, Warnambool Roof Water Harvesting Scheme Construction
- Hamilton Rain Water Harvesting System Expansion
- Adaptive Wastewater Pilot Project (Penshurst)
- Camperdown Regional Livestock Exchange Rainwater Capture and Re-use

- North Geelong Recycled Water Project Construction
- Bellarine Recycled Water Project - Stage 3
- Jan Juc Creek Ecological Restoration
- Winchelsea Greening & Stormwater Treatment Upgrades

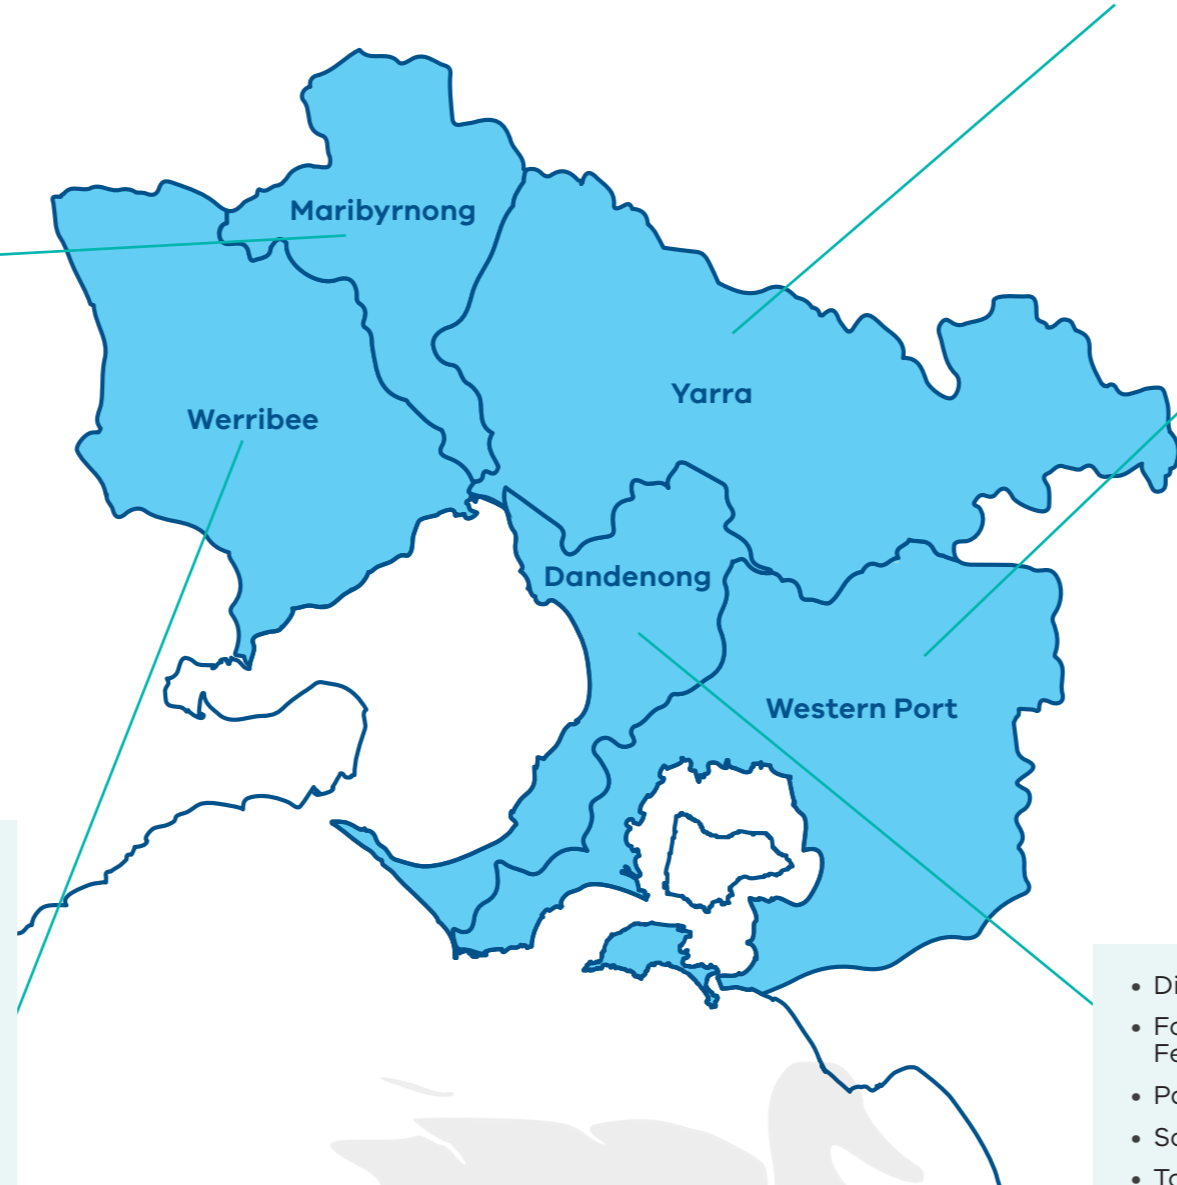

- Bass Coast Revegetation for Biolinks Corridors
- Bass Coast Revegetation for Biolink Corridors 2
- Willow Grove Stormwater System Construction
- Western Park, Baw Baw Stormwater Harvesting System Construction
- Bringing Water to Country at Knob Reserve

# What we are delivering for Melbourne

## IWM Program Funded Feasibility Projects - 2017-2022

- Whittlesea Community Farm Feasibility Study
- Fishermans Bend IWM Plan
- City Oval, Coburg Stormwater Harvesting System Construction
- Ruthven Wetland Detailed Design

- Arden Urban Renewal Precinct Stormwater Harvesting System Feasibility Study
- Brunswick Central Parklands IWM Plan
- Macedon Ranges Southern Region IWM study
- Melbourne Airport Recycled Water Feasibility Study
- Sunbury IWM Plan
- Taylors Creek, Keilor Stormwater Management Plan
- Moonee Ponds Creek Ecological Restoration Business Case

- Western Port Green Wedge Growth Area IWM Analysis
- Tyabb & Somerville Recycled Water System Feasibility Study
- Floating Wetland to Improve Wastewater Quality - Pilot Project & Detailed Design

- Aviators Field IWM Plan
- Incorporating IWM in Town Planning Feasibility Study
- Bacchus Marsh IWM Plan
- Melton Recycled Water Network Extension Feasibility Study
- Melton Growth Area Stormwater Harvesting Feasibility Study
- Werribee River, Werribee Recycled Water for Environmental Flows Feasibility Study
- Toolern Stormwater Harvesting Business Case
- Western Growth Area IWM Plan

- Dingley Village Alternative Water Feasibility Study
- Fountain Gate Narre Warren Alternative Water System Feasibility Study
- Patterson River Recycled Water System Feasibility
- Sandown Racecourse Investigation of IWM opportunities
- Tootgarook Kowe Bush Nursery & Wetland Restoration Feasibility Study

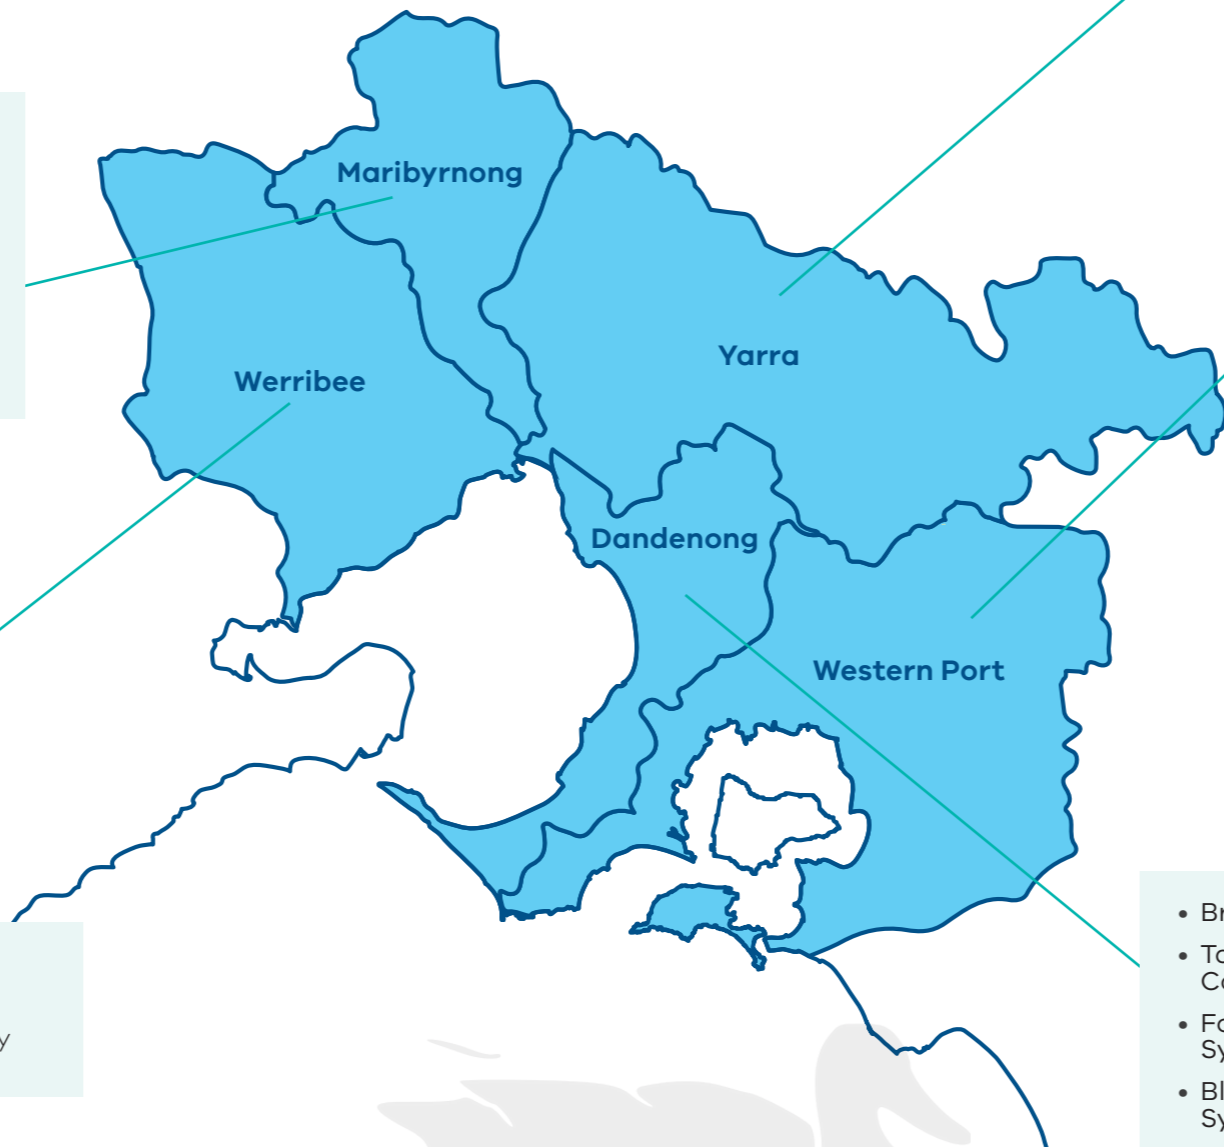

# What we are delivering for Melbourne

## IWM Program Funded Capital Projects - 2017-2022

- Monbulk Recreation Reserve Stormwater Harvesting System Construction
- Curtain Square Stormwater Harvesting System Construction
- Whittlesea Community Farm Construction
- Ramsden St Reserve, Clifton Hill Permeable Pavers Construction
- City Oval, Coburg Stormwater Harvesting System Construction

- Dempster Park, Brimbank Stormwater Harvesting System Construction
- Moonee Ponds Creek Ecological Restoration Construction
- Moonee Ponds Creek Stormwater Harvesting Construction
- Sunshine North Irrigation for Green Space Construction

- Bass Coast & Cardinia Revegetation for Biolinks Corridors
- Western Port Aquifer Storage & Recovery Detailed Design
- 'Wetland Wonders' Pakenham Wetlands Educational Trail & Boardwalk Construction

- Werribee Recycled Water Network Expansion Construction
- Arnolds Creek Ecological Restoration & Community Park Construction

- Briars Recycled Water System Construction
- Tarralla Creek Stormwater Harvesting System Construction
- Fountain Gate Narre Warren CBD Stormwater Harvesting System Construction
- Blind Creek Naturalisation & Stormwater Harvesting System Construction
- Monbulk Creek Smart Water Network Pilot Project
- Dingley Recycled Water Scheme Construction
